

ATTENTION PUPPY OWNERS:

**EXCITING NEWS! Play N Stay Pet Camp has an AMAZING
Puppy Daycare Socialization and Training Camp
for puppies 10-18 weeks of age!**

As Pet Care Professionals, we see way too many behavioral issues.

Problems we see in today's dogs:

- | | |
|-----------------------------------------------------|--------------------------------------------------------|
| <input checked="" type="checkbox"/> fear | <input checked="" type="checkbox"/> fear of handling |
| <input checked="" type="checkbox"/> anxiety | <input checked="" type="checkbox"/> fear of new places |
| <input checked="" type="checkbox"/> phobias | <input checked="" type="checkbox"/> crate busting |
| <input checked="" type="checkbox"/> stranger danger | <input checked="" type="checkbox"/> and more! |

Add problems like:

- being taken from mom too early
- inexperience raising a puppy
- busy households
- inconsistent schedules/routines/training
- pet owners working long hours
- being passed from home to home

and the LIKELIHOOD for PROBLEMS is MAGNIFIED!

The busier that pet owners get, the more that small problems will appear. Those small problems turn into big problems. Then more problems appear...and the behaviors get WORSE, instead of better!

GOOD NEWS!

At Play N Stay Pet Camp, we have more than a decade of experience
coaching new puppy owners!

We've developed a GREAT PROGRAM that gets
PUPPIES and OWNERS "the right start!"

While we can't fix everything that a puppy and owner might encounter,
in a short 2-month program, we sure can accomplish a lot!

Our **EXCLUSIVE** program is aimed at **Troubleshooting Problems BEFORE** they start!
Our **Puppy Socialization & Training Camps** are aimed at creating the most polite, mannerly, well-balanced, bombproof puppy that we can possibly create.

With our program, it's possible to prevent, reduce or eliminate many common problems in a **FUN**, encouraging, & mentally stimulating way!

Our PUPPIES learn:

-  Eye contact, Engagement, & Focus
-  Patience, Crate Tolerance, & Learning to be calm
-  Housetraining
-  Mock Vet Exams, Restraints, and Body handling
-  Collar handling & Leash Manners
-  Grooming handling & restraint (nail clipping, ears, baths, blow dry)
-  Basic obedience - SIT, WAIT, BACK, LEAVE-IT, OFF, COME & name recognition
-  To avoid "stranger danger" by meeting as many new people as possible
-  To avoid "noise phobias" by having FUN while listening to noises such as babies crying, loud trucks, fireworks, gunshots, kids screaming, vacuums, & dogs barking. We've got them all!
-  Dog-to-dog social skills - with our own "Puppy Ambassador Dogs" 

ALL of this is accomplished while preserving the safest environment possible, since the vaccination series is not yet complete.

A WORD about VACCINATIONS: We know that with an incomplete vaccination series, there are risks with puppies being out in public. However, considering the newest socialization protocols, we've created a training program that provides maximum exposure & learning, with the lowest possible disease-exposure risk!

We are excited about this OPPORTUNITY to help raise BETTER & HAPPIER DOGS!

As a Play N Stay Puppy Program member, you will also receive support materials for HOUSE TRAINING a puppy SUCCESSFULLY and troubleshooting common puppy problems.

If you have questions about our program, please contact us: (STC) 740-695-2200 or (WHG) 304-242-2200.
